Hello, Chaudel:

We thank you and Bob Gils for meeting with us and explaining the results of your pilot study concerning removal of PCB-containing caulk and PCB cleanup. The information that you left with us on November 17 has been useful in understanding your project.

Thank you for your courtesies. We look forward to receiving the additional information and to future conversations regarding the PCB cleanup at 100 California Street.

Sincerely,
Carmen

Subject: Follow up questions - 100 California

Steve/Carmen,

Thank you for taking the time to meet with Bob Gils and me November 13th to review the work plan for 100 California Street. We are currently reviewing the additional questions posed during our conference call on November 17th and are gathering the additional information requested and as outlined in Carmen's email dated November 19th, 2009. We will contact you once we have everything for your review.

In the meantime, based on your verbal approval, we are scheduling the work to commence in order to complete a portion of the project with satisfactory weather.

Again, thank you for your time and we will be in touch shortly with the additional information requested. We look forward to attaining approval for this project in order to complete the work as quickly as possible

Chaudel
